REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the claimed method and system with the feature of moving a fibrous web or cellulose fibers through an air station supplied with a heated drying medium exhausting moisture laden air then collecting and drying the exhausted air and recirculating at least a portion of that air to supplement the heated drying medium is not found in the prior art either singly or in combination. The closest prior art is considered Marchal et al. (US 5,974,691) which discloses drying a cellulose web with a negative pressure return header. Other prior art cited in this application contain one or more of the claimed invention elements but not the necessary motivation or suggestion to combine those teachings in order to obviate the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen Gravini whose telephone number is 571 272 4875. The examiner can normally be reached on normal weekday business hours (east coast time).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ira S. Lazarus can be reached on 571 272 4877. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
